

## Tiemann's Hotel hygiene guidelines

Dear guests,

Please note that the 2G rules will apply from November 1st:  
From then on, one of the following documents is required for a stay in Tiemann's hotel:

- Official proof of vaccination against the SARS-CoV-2 coronavirus (at least 14 days old after the second vaccination)
- Official proof of recovery from an illness with the SARS-CoV-2 coronavirus (at least 28 days old, maximum six months old)

Due to the complete 2G regulation, it is again allowed in our house to move everywhere without a mask and not to keep any distances.

Children, adolescents up to the age of 18 and people who have a medical certificate stating that they are not allowed to be vaccinated due to medical contraindications or participation in a clinical study and who submit a PoC antigen test (max. 24 hours old) also need not to keep a distance and not to wear a mouth and nose covering.

In case of doubt, please inquire about regulations for events separately.

You will find hand disinfection stations everywhere in the house.  
For more information, see our notices on walking directions & access restrictions and the hygiene recommendations of our employees.

Our rooms are always well ventilated and all door and window handles, as well as frequently frequented surfaces, are regularly disinfected and all table linen is cleaned by a professional company after one use.

Our rooms are cleaned daily and thoroughly disinfected after each change of guest.  
If you generally do not want our employees to have access to your room, please let us know.  
We currently only offer a laundry cleaning service through an external company.  
This takes 2-4 working days.

**Our rich breakfast buffet is ready for you in the morning.**  
**Please contact our reception staff briefly**  
**From there, an employee will be happy to accompany you to a free space.**

If you have any further questions or requests, please do not hesitate to contact us.

We ask for your understanding and active support from our staff in order to make your stay in our house a safe pleasure for everyone!
